About Cantare

'High-quality, passionate, committed and fun' – these were the principles that fuelled Cantare when it was created back in 2010, and since then, the choir has become one of the most prominent choirs for women in the Southend area. The choir has developed a wide range of repertoire that both challenges and excites its members, and entertains its audiences across Essex.

Cantare performs in a variety of venues, from churches to bandstands, and takes part in local and national competitions. Highlights from these include winning first prize at both Chelmsford and Southend Music Festivals; the Freda Parry Presentation bowl for "most outstanding all-round choral performance"; the Claire Singers Award for "most moving choral performance".

Cantare rehearses Wednesday evenings in term time here at Southend High School for Boys. If you are interested in joining us, or to book us for an event, contact us via:

www.cantare.org.uk

About The Old Southendian Organ Society

The Old Southendian Organ Society was set up to protect and enhance the future of the War Memorial Organ at Southend High School for Boys. We also aim to support organ pupils and Organ Club at the school by further enhancing the opportunities available to them. In 2017/18, the Society and its supporters enabled a major project to professionally rebuild the organ. We were proud to present the results of over a year

of work by The Village Workshop organ builders in concerts last year, including in a performance by past pupil and renowned organist Adrian Lucas. This year has featured showcase concerts, organ recitals and tours to further our work and support of the school.

We are very grateful to all of our supporters for making this possible through membership, attending concerts, sponsoring organ pipes, or otherwise encouraging us in our work. Find out more about the Society and join our membership via:

www.osos.org.uk

Cantare, Southend High School for Boys Chamber Choir, and the Old Southendian Organ Society wish you a very Happy Christmas!
